Some Things You Should Know:

Mutual Insurance started doing business in this country in 1752.

Mutual Insurance saves you money.

WHY?

When you become a policyholder you are also a shareholder and a part of the earnings of the Company are returned to you every year as a dividend.

Are Mutual Companies Safe?

Before they can operate in Virginia they deposit cash with the Insurance Department to guarantee fulfilling their contracts.

Are Mutual policies Assessable?

All companies I represent are non assessable companies and it is so stated on each policy.

Much property in this county is under insured, some not insured at all.

I am happy to offer you Mutual Insurance which has been saving money for policy holders for 200 years.

THE KICKOFF

(By Barbara Johnson)

There is good news this week at A. H. S. Our Annuals have finally arrived. They really are nice and if you haven't bought one you don't know what you're missing.

Also the senior invitations have been received. They certainly are nice.

Congratulations to June Holt, who is valedictorian this year, and Helen Mae Poe, who is salutatorian. Both have earned these honors and deserve them.

The Junior-Senior entertainment is scheduled for May 30. It is "King Neptune's Ball." It surely does sound nice, and we know it will be.

The first year Spanish class gave the second year students a picnic at Holliday Lake Wednesday. Thanks Mrs. Cheatham and students, for an enjoyable evening.

Don't forget the music and the Latin plays, "The Big Apple," which will be presented tonight, Thursday, in the school auditorium.

The Seniors certainly did enjoy their trip to Williamsburg. We are sorry all a" of you could not go with us.

The students enjoyed the Dance Revue Wednesday in Chapel. Thanks for presenting this again.

Class night will be presented June 1st at 8 o'cloc in the auditorium. We hope everyone will try to attend it.

I will end my news this week with this thought, "N cause is worth living for, unless it is worth dying for."

Farmers Urged to Check Livestock Mineral Intake

Minerals are so important in the diet of animals that livestock will live longer without any feed than they will on feed that contained no minerals.

This fact was pointed out recently by the American Veterinary Medical Association in urging farmers to watch the mineral intake of livestock as they come into the new spring production season.

"Although animals require more than a dozen different minerals, two of them, calcium and phosphorus, make up 70 per cent of the mineral matter in the body," the AVMA said. "Dairy cows and laying hens especially require them. Half the minerals in milk are calcium and phosphorus.

"The AVMA said the delicate relationship between calcium and phosphorus in the body as an instance for the need for a careful check on farm animals' requirements. Too much of one without the other can lead to a deficiency disease.

millions in a teeming world.

The tower housing the carillon is an architectual triumph, is massive stone tower featuring sculptural decoration and fanciful imagery.

The largest bell in a carillon is always called the Bourdon. This one at Riverside is said to be the largest tuned bell in the world, and weighs 40,926 pounds. It is 22 1-2 inches in diameter. It is Bell No. 72. There are three clappers that strike this bell, each for a separate purpose. At the left, east, near the base, a clapper weighing 1,000 pounds at an angular position about five inches off the bell, is actuated by the carilloneau, striking downward. Diametrically opposite, also on the outside, is another clapper, seemingly resting on the bell itself, but one-fourth inch away. This hammer weighs half a ton, and is used exclusively for striking hours and is operated by a four horse power motor in the most powerful clockwork ever made. The mussel note is low C, three octaves from middle C. Finally, there is the side clapper. This weighs two its steel frame weighs 48,571 and so this Bourdon, with its pers and framework, weighs imately 47 tons. And it can be into musical performance by hand of a player at his keyboard. But, alas, space runs out; and had intended to finish the story of the bells in one column. Bear with us, in event we return to the subject.

New Sand Improves Holliday Lake

Holliday Lake opened yesterday for the 1951 season, with large numbers of holiday recreation seekers present.

Workmen are today hauling sand to the lake for the beach. A total of 310 tons of fresh white sand from Virginia's seashore is being spread over the beach and will provide a fine white top of about three inches depth. At the request of local parties, Congressman W. M. Abbitt contacted park authorities and found that the sand was en route.

Material For Pre-School Age Children

Parents who have children entering school next fall have been given an opportunity to find out how to get the child ready for school.

Teachers of beginners in the schools of Appomattox County have prepared material on "What Parents Can Do To Get Their Child Ready For School." Parents are being urged to meet with the teacher of the first grade to which their child is going and with the supervisor to talk about the material and any other items of interest to mothers of beginners.

By the time a child enrolls in the first grade next fall the material on getting the child ready for school days he should know or be learning the following: his full name, and address how to go to the school or to school bus and come home by himself after the first few days and how to cross roads safely. The material emphasizes the need for a child being able to take care of his personal needs as tying his shoes, dressing himself completely and caring for himself at the toilet.

Teachers of beginners and parents will appreciate the suggestions in the materials which urge that the child have many opportunities to play with other children, sharing his toys and to be a follower as well as a good leader; to take turns in play; to have experiences with picture and story books; to tell about interesting things he sees and does, and to take part in the family conversation.

Parents are urged to get the materials and to use them in any way which seems helpful to the development of the child.

Bloodmobile Visits Here June 19th

The Roanoke Regional Blood Center in Roanoke was highly pleased with its first bloodmobile visit in Appomattox February 17. The citizens of Appomatox County gave a total of 119 pints of blood at that time.

It is hoped that enough donors will come to the Appomattox High School cafeteria on Tuesday, June 19, to give between 125 and 150 pints of blood on this second visit of the bloodmobile to Appomattox.

Individual donors can come to the cafeteria on June 19 between 9:30 A. M. and 4:30 P. M. On the first visit the hours were only from 9:45 A. M. to 3:30 P. M. this longer period will enable the taking of at least 125 pints of blood, if sufficient numbers of donors are on hand.

The need for blood is increasing owing to growing military and civilian demands for blood and blood plasma. The Roanoke Regional Blood Center in Roanoke is receiving only 88 pints of blood daily against an urgent need for 150 pints daily. Lives that could be saved will be lost, if this deficit is not met. If you are over 21 years old and under the age of 60, come to Appomattox June 19, and be screened for the donation of a pint of blood. The tests at the bloodmobile will show whether or not you are in condition to donate blood. You can get a blood donor card from Richard D. Robinson, Appomattox. Persons between 18 and 21 years old must get the written consent of their parents or a sponsor in order to be eligible to donate blood. All cards must be returned to Richard D. Robinson by June 5.

Death of Mrs. Paulette

Cialon S., Claton J., Dwight M., and Martha Jerleen Paulette, all of Red House; five brothers, Chester W. Smith and Keith Smith, of Red House; Lewis Smith and Charles Smith, of Gonyop, and Samuel Smith of Camp Hacker, Ala.; and by five sisters, Mrs. Carl Rosser, of Rustburg; Mrs. Cloyd Irby, of Gladys; and Mrs. Joseph Jackson, Mrs. Willie Smith and Miss May Smith, of Gonyon.

Active pallbearers were: P. G. Reynolds, T. K. Jones, N T. Evans, Floyd Fleshman, H. O. Pillow and L. L. Mason, Jr.

Ball Fans Invited to Davidson Night

Crawford Davidson

Appomattox baseball fans are invited to join in a "Crawford Davidson Night" at the Lynchburg City Stadium Monday night, June 4. In event of rain it will be held the next night.

The management of the Lynchburg Cardinals readily agreed to a suggestion from Calvin Robinson, local editor, and Norman Thompson, WWOD sports announcer, that Appomattox fans be recognized on the occasion of the regularly scheduled visit of the Norfolk Tars to Lynchburg. Davidson is a "home-town boy" who has made good in the Piedmont League and has won a reputation as a "long-ball hitter" in the Norfolk outfield.

Brief ceremonies will be held at home plate just prior to the start of the ball game, so Appomattox fans are urged to be prompt and give a demonstration that Davidson has the support of his fellow townspeople.

Caldwell On Radio

John Caldwell, manager of the Appomattox Green Sox, will be interviewed over Station WWOD at 12:30 P. M. tomorrow, Friday, as a part of the promotion for "Crawford Davidson Night" scheduled at Lynchburg's City Stadium Monday night. Davidson, who now plays for the Norfolk Tars, is a former Green Sox star.

Camp Pickett Team Here June 6

Wednesday night, June 6, at 8 o'clock, the 43rd Infantry Division baseball team from Camp Pickett, will play the Lee Theatre baseball team here in Appomattox.

The Camp Pickett team is composed of 25 men who have played professional ball in all parts of the nation; the most prominent one being Art Houtteman, who last year won 19 games for the Detroit Tigers before being salled into the service in August. Detroit probably would have won the league pennant had he remained with the team throughout the season.

The local management has requested that Camp Pickett pitch Houttaman and thus give local fans a chance to see a top ranking big league pitcher.

Stuart Friend, who shut out Altavista last Saturday, 8 to 0, for the Green Sox, will pitch for the Appomattox team.

Memorial Day Observation Here Wed.

Memorial Day exercises were conducted here yesterday under the sponsorship of the United Daughters of the Confederacy. The group assembled at the Confederate Cemetery at 11 A. M. Dr. V. W. Sears gave the invocation, with the Rev. R. Carl Maxwell presiding as the master of ceremonies. There was a decoration of graves and pledge of allegiance to the flag and salute to the Confederate flag. The group then proceeded to the restored McLean House. Patriotic songs were sung under direction of Mrs. W. M. Morris. Under the direction of Miss Flora Williams, school pupils presented a Memorial Day Pageant. H. A. Gurney, Superintendent of the Appomattox National Park, conducted a tour of the park.

An innovation was introduced to the observance this year by a reading of General Lee's Farewell Address. The document was read by J. A. Burke, as follows:

"Headquarters Army of Northern Virginia, 10th April, 1865.
General Order No. 9.

"After four years of arduous service marked by unsurpassed courage and fortitude the Army of Northern Virginia has been compelled to yield to overwhelming numbers and resources.

"I need not tell the brave survivors of so many hard fought battles, who have remained steadfast to the last, that I have consented to this result from no distrust of them.

"But feeling that valor and devotion could accomplish nothing that would compensate for the loss that must have attended the continuance of the contest I determined to avoid the useless sacrifice of those whose services have endeared them to their countrymen.

"By the terms of the agreement officers and men can return to their homes and remain until exchanged. You will take with the satisfaction that proceeds from the consciousness of duty faithfully performed, and I earnestly pray that a Merciful God will extend to you His blessing and protection.

"With an increasing admiration for your constancy and devotion to your country and a greatful remembrance of your kind and generous consideration for myself, I bid you all an affectionate farewell.

(Sgd.) R. E. Lee,
Genl."
